

Currently celebrating its 15th anniversary, the Watermark Theatre is a must see for all PEI tourists and residents alike. Featuring 4 plays per year, Robert Tsonos, the Artistic Director, has an eye for hosting the perfect plays.

Prior to joining Watermark Theatre as an actor in 2014, and then being promoted to Artistic Director two years later, Robert travelled the world for theatre. Over the 30 years of travel, everywhere from Australia to Hong Kong, Japan to Venezuela and more, Robert has partaken in numerous plays, whether that be as the Artistic Director, an actor or director, he has done it all!

Watermark Theatre is also an active member of the community by supporting the youth through different programs such as High School Drama, a children's Theatre, and a mentorship program for your theatre artists.

Theatre isn't all they do! They also have the Watermark Music Series where they bring in Island musicians putting their own spin on classic songs. Not to mention their beautiful art gallery, that showcases the lovely work of local artists.

Watermark Theatre recently transitioned to an all-year model in 2022 rather than the seasonal model the company had for 13 years. "We are always looking forward and improving the overall experience the audience has!", Robert Tsonos said regarding the future for the Watermark Theatre.

Watermark Theatre is a must stop spot whenever you are in PEI.
